Important Notes

- **CRICOS & Course Fees:** Because these are short workshops rather than year-long academic programs, they do not have CRICOS codes and are not billed "per year." The fees listed are the total costs per course.
- **Accreditation:** Accredited training (First Aid, CPR, and Manual Handling) is delivered in partnership with ABC Licence Training (RTO 3399).
- **Professional Development (PD):** Most clinical courses are designed for industry-recognized upskilling and attract CPD points for nurses and support workers.
- **Location:** Training is conducted face-to-face at their campus in Kilburn, Adelaide (SA) or via online modules.
